Dear Families and Friends of the St Pius X Community,

New My School Website
The *My School* website for 2011 was officially launched on Friday 4 March. The link to the site is [www.myschool.edu.au](http://www.myschool.edu.au).

This website was set up by the Federal Government in 2009 to provide details about Australian schools. Each school’s NAPLAN scores are on the website. There is also information that shows if there have been improvements in the students’ performance compared to the last NAPLAN test they completed two years before. As well, there is information about how each school’s results compare with other ‘like’ schools.

This year, the *My School* website contains information on each school’s ‘Recurrent Income’ and ‘Capital Expenditure’. In other words, it states the **total amount of income**, per student, that each school receives from Commonwealth and State governments, and from all private sources (e.g. school fees).

You would be aware that there have been stories in the media for some time with claims by some groups that Catholic schools are overfunded. *MySchool* figures show otherwise. In the days ahead, there may even be questions raised about the completeness and reliability of this data on the website. These are the facts:

**Fact 1:** **All sources of income to schools were included in the calculations.** Any claim that private sources of income and other fundraising have not been included for Catholic schools is incorrect.

**Fact 2:** While there will be variations between schools in the amount of income that each school receives – depending on location, size, students’ needs and other factors – the figures show that, **on average, the total income of Catholic schools is less than for government schools.**

**Fact 3:** The accountancy firm Deloitte conducted an independent assessment of the methods used to collect the financial data for all government and non-government schools. Deloitte endorsed the methods used and provided a ‘Letter of Assurance’ to confirm that.

The financial data on the *My School* website shows that **Catholic schools are not overfunded** by Commonwealth and State governments. Actually, it shows that they are **great value for money.** NAPLAN and the Higher School Certificate results from recent years show this clearly.

More information about how to make the best use of the *My School* data will be included in future newsletters. The Fact Sheets on the *My School* site are also very informative.

**Lectio Divina**
Holy Trinity Parish, Blackbutt North, has kindly donated copies of Lectio Divina for all students & staff at St Pius. Thank you to Fr Barry Tunks & the Parish for this very thoughtful gesture. We used the Lectio Divina in our Ash Wednesday Liturgy in Care Groups to celebrate the
beginning of Lent. Each student received a copy of the book to take home. I encourage all parents & carers to have a look at the book and use it with your children at home. It will be used at school during Lent. A couple of explanatory paragraphs from the forward of the book sum up the purpose of Lectio Divina very well:

“The reflective reading of the Scriptures leads us to know, understand and appropriate the fundamental Christian mysteries. It helps us to appreciate what we need to do to respond to God’s approach in them, and holds up to us a mirror of how we are responding and what we might need to do to improve and deepen our response. It humbles us and makes us realise that we need God to walk with us on this journey: we cannot walk it alone. It brings us to prayer, in which we explore the divine help. It leads, too, to the transformation of our life of response to God, and enables us, through our lives as disciples of Jesus, to share the divine love we have known with those around us…..

_Lectio divina _then, is the meditative reading of a text of God’s Word, the Scriptures, alone or with others, which leads to prayer, transformation of life, and, through that transformed life, the sharing with others of the mystery of God entrusted to us. This practice of prayer involves the whole person. Through our senses we read, we meditate using our reason and imagination, and we pray and transform our life with our will. It is not just an interior practice but one that engages with the issues of our Christian life and prompts us to work with them. At different times, the emphasis may be on different aspects of the prayer. But it would be unwise to omit any of them altogether."

Caring for God’s Creation
On Friday 4 March, all staff attended our Spirituality Day with the theme of “Caring for God’s Creation” run by Catholic Earthcare Australia. The day was a great success with excellent staff participation. For me, the day reinforced my sense of urgency around doing something positive about sustainability on a whole school community level.

The vision that came from this day will be the focus of two follow-up Workshops this term during Staff Meeting time. From these workshops will come the start of a strategic plan for achieving sustainability over the years to come.

Have a fun week!

Robert Emery
Principal

Enrolments for Year 7 2012
The enrolment period for Year 7 2012 will open on Monday 14 March 2011 and close on Friday 13 May 2011. For those students in Catholic Feeder Primary Schools an enrolment form will be given out by your school and should be returned to your Primary School. For all other students an application form can be obtained from the St Pius X High School main office between the hours of 8.30 am to 3.30 pm and returned to St Pius X High School.

Up - to - date Records
It is most important that parents/guardians have all details correct and up-to-date. Please make sure that you let the school know if you have changed any of your details. For the welfare of your child/children, it is also important to have another contact that can be reached at any time during school hours. Please contact the student services office for a ‘Change of Details’ form if you need to make/add any changes to details.
Home learning
Students recently took a little time to reflect on how they were progressing in achieving the goals they set at the beginning of the year. This is an important step in the process of trying to help them become more responsible for their own learning.

By reviewing what they have set themselves, it is hoped that students will be able to see some progress. Of course, it might also be a timely reminder for some that they need to do a little more than drift along.

By now I would hope that students are settling into a routine with regards to home learning. They have had lessons on goals, creating an effective learning area and some of the essentials of study. Assessment Handbooks have been distributed to each Year (copies are available in the Student section of the portal) and the calendar of tasks should be prominently displayed somewhere at home. Regular revision must become a part of every student’s home learning and the time to begin this is now.

I would encourage you to have the occasional browse through your son or daughter’s student planner to see if they are using it effectively. In particular, encourage them to look at it at night to check on any homework that has been recorded or if they need to bring certain books for the next day.

Stephen Dunn
Dean of Studies

2011 Project Compassion Launch
On Tuesday 8 March, also known as Shrove Tuesday, we attended the 2011 Project Compassion Launch with Mrs Kelly hosted by St Francis Xavier’s College. Throughout the liturgy we were empowered by the commitment and passion towards solving the issue of global poverty. Special guests Bishop Michael Malone, the new Diocesan Director for Caritas, Catherine Stace and Nguyet Dinh, a Caritas representative from Vietnam, as well as many primary and secondary school leaders, were present.

We were engaged in the ideas of international aid and the development of fundraising thanks to Project Compassion and Caritas Australia throughout the many years of their hard work changing the lives of the disadvantaged. We were inspired by the theme of “partnering together to make a difference” and the notion that we are all in this together. The drama and musical performances by students of St Francis Xavier’s College portrayed the idea of building a better world for all.

Morning tea was served at the end of the launch and we were given the opportunity to converse with some of the most inspirational individuals in our diocese today as well as treat ourselves to light refreshments and banana bread.

We left with our very own Caritas Australia 2011 Project Compassion Launch donation box, candle and a pebble which represented the difficulties people face in overcoming challenges in relation to the fight against world hunger in poverty stricken countries. Walking away, we felt like we could make a difference in the world to help others if we partnered together.

By Lily Ryan and Lachlan Young
Hospitality 2011
Commercial Cookery (VET) commenced this year with 14 students enrolled in Year 10 and 16 students in Year 9 indicating their intention to take this VET course in 2012.

Year 10 Students are participating in a range of subjects that are called competencies. These are set out below:

- Follow Health Safety and Security Procedures
- Organise and Prepare Food
- Follow Workplace Hygiene Procedures
- Present Food
- Appetizers, Salads and Sandwiches

In addition, all students must complete a work placement programme that will take place in Week 9 of Term 4. It will be here that students gain valuable industry experience. This not only allows them to test the skills they have been developing all year, but also brings them closer to being work ready. During the course of this year, students will also undertake a Barista and First Aid Course.

Students have elected to take VET Commercial Cookery for a number of reasons. Some have a clear idea of entering the industry in a variety of capacities. Others are attempting to gain employability skills that will give them more opportunities towards part time employment whilst studying for their HSC or University. A number of students have identified that VET Courses can create pathways to University and intend on following through to HSC level in Stage 6.

Presently we are studying Occupational Health and Safety and Food Preparation. Already many students have assisted at their first function event, catering for the swimming carnival. In very challenging conditions, students helped prepare and serve food and beverages to a very ‘demanding’ crowd of hungry and thirsty teachers. They did a magnificent job and are well on the way to meeting their competencies in this area. A special thanks to Hospitality Assistant – Helen O’Donohue for all her hard work and support in catering for this function.

Open Microphone
“Open Microphone” is a new and exciting initiative for students of St Pius. It will allow musically talented students to perform for an audience at school. The initiative hopes to discover new talents and showcase them in our school community, giving students the opportunity to participate in future school performances such as, school liturgies, musicals and music and drama nights. Entertainment students will have a chance to learn more about audio equipment and how to use it as well as be part of a “front of house team”.

“Open microphone” will take place in Sr Marie Hall every Wednesday from 1:15 pm to 1:45 pm. Entertainment students will set up the necessary equipment during recess on the day. The committee will be responsible to organise the program for each Wednesday and run the show. There will be students from Entertainment running the performance each Wednesday.

Anyone who would like to perform, sing or play (or both) will need to write his/her name, song title and required equipment into the log book, which will be located in the library. Students willing to perform will need to be at the Hall no later than 1:10 pm for a sound check. Performers will be given the allocated times. Only students with a serious approach to the project will have time allocated to perform.

Students who perform at the “Open microphone” may be asked to participate in future school performances and Dio Sounds.

Asha Lunarzewski
Music Teacher
Vocal Group
Students of St. Pius are welcome to join the Vocal Group, which will start to rehearse this term. The school Vocal Group has a long tradition and many successful performances. The songs are chosen with focus on contemporary musical styles which are always fun to perform. Students in Years 7-10 who would like to join in need see Mrs. Lunarzewski.

The Vocal group will rehearse once a week in Sr Marie Hall.

Week A – Tuesday Period 4

Week B- Tuesday Period 2

Asha Lunarzewski
Music Teacher

Careers
A couple of events coming up that students’ may be interested in:

1. The Plan Your Career Evenings are a great way for students to gather information regarding courses on offer, entry, subjects required, career opportunities etc. Attending these evenings are The University of Newcastle, Hunter TAFE, Centrelink and local Careers Advisers. The last event is scheduled for Wednesday 16 March at Wests New Lambton from 5.30 pm -7.00 pm. There is no sit down lecture but rather tables set up with representatives from the institutions available to answer questions and distribute brochures.

2. Also on the evening of Wednesday 16 March starting at 7.00 pm is the Regional University Roadshow at Newcastle Grammer School. Attending this event will be Charles Sturt University (CSU), Southern Cross University (SCU) and The University of New England (UNE). These Universities offer some courses that Newcastle does not. For example CSU offer Vet Science and Dentistry, SCU offer Hotel Management and UNE offer Zoology or Law at a much lower ATAR for entry. It is good for students to have all possible University entry information so they can make informed decisions come Year 12. If you are interested in attending, please contact me and I will forward your interest to the relevant person.

3. If you are going to the Newcastle Regional Show you may wish to have a look at the ‘Skills on Show’ while you are there. This is a display organised by TAFE which showcases what different trades involve. So if you are not sure if plumbing is the trade for you - you can have a try at some plumbing activities at the ‘Skills on Show’ event.

It has been great to meet all Year 10 over the last couple of weeks as I took a Religion class to do some Career Testing. Student worked on a couple of Careers tests which hopefully will help point them to an ‘area’ of career interest where they can then start to RESEARCH many different occupations in that career area. It is a good idea for Year 10 students to really start to consider the many different career options open to them as the time for making decisions about next year comes closer.

For the last couple of weeks I have advertised the Work Experience program for any interested student in Year 10. In the past, work experience was limited to only those students looking at leaving school at the end of the year. However, this year I have opened it to any interested student. There are limited positions available for the program due to constraints set by the CSO so I encourage students to return their permission notes, resumes and insurance fee to me ASAP.

All Year 10 students have received an excursion note regarding the Careers Expo. The Expo is on 19 May at Broadmeadow Racecourse and the cost is $10.00 for bus and entry. This is an excellent event where students can get some information about university courses, TAFE courses, private colleges and local employers. The $10.00 is to be returned to the Bursar at school with the permission note to Student Services.

On Tuesday 5 April, the Defence Force is coming to school to talk about entry requirements, different jobs available, university and generally life in the ADF. Students interested in attending can put their name on the list in the Careers Room on Tuesdays or Wednesdays when I am at the school.
Don’t forget the students can apply for the Tax File Number through the school. The process is easier than applying through the Tax Office and students then have their number ready for when they need it - casual job, youth allowance etc. Applications can be collected from the office and must be returned to me at school. This number doesn’t ever expire so I encourage all students to complete an application now and store it in their portfolio for when needed. Application forms can be collected from Student Services.

Thanks
Helen Wilks

**Surfest Trials**

Congratulations to Jackson Baker (Year 8) on his recent surfing achievements-1st in the Volcom VQS at Avalon and 1st in the 14’s, 2nd in the 16’s and 3rd in the Under 20’s at the Surfest trials at Anna Bay.

**Rugby League**

The Under 15’s Diocesan Rugby League team was selected after a recent trial at Maitland. Jack Spence and Ryan Glanville both of Year 9 were selected to compete at the Combined Catholic Colleges Northern Country trials held at Kempsey later this month.
Triathlon
The NSW All Schools Triathlon was held last week at Penrith. This event which took place over two
days saw both individuals and teams from St Pius X compete against students from Independent,
Government and Catholic schools.
Results are listed below:

Individual
Nicola Macdonald   Junior   6th out of 96 competitors
Blythe Quick       Intermediate 3rd out of 85 competitors

Blythe has been selected in the NSW team who will compete at the National Championships in
Brisbane later this month. Congratulations and good luck.

CCC Water Polo
Congratulations to Matthew Newman Year 10 who was selected in the Under 17’s NSWCCC Water
Polo Team. Last week he participated in an All Schools competition at Homebush.
Well done, Matt!
As mentioned in previous newsletters St Pius X is a member of the NSW Combined Catholic Colleges (NSWCCC) and a detailed list of all individual and team pathway events/carnivals can be located at www.cecnsw.catholic.edu.au/sport/index.htm

**Under 16 Futsal Competition – Gosford**

On Tuesday 8 March two Under 16 Futsal Teams played in the above competition.

Both teams played very well going through the group games undefeated. The A Team won their three games 7-0, 7-2 and 3-1. The B Team won their three games 6-0, 5-1 and 3-0. They were both through to the quarter finals and looking good.

The A Team played Henry Kendall High School in the quarter final and won 2-0.
The B Team played Gosford High School but were beaten 2-0 by a very good team.

Gosford High School was the semi final opponents for the A Team and even though St Pius X High School pushed them to the very end, we were defeated 2-1 in a very tight game.
Our boys played some great football and were great ambassadors for St Pius X High School.

B Team:  B. Di Rienzo (GK), R. Higgs, J. Henderson, T. Cox, R. Jarrett, A. Rutledge and Z. Hook

Mr G. Atherton
