Dear Families and Friends of the St Pius X Community,

Is There an Engineer in the House?
The amazing variety of technology and labour-saving devices that we take for granted as essential in our modern world owes its existence to the ingenuity, patience and skill of scientists and engineers. Wherever we look in our world, from television sets to computers, from simple electric motors to advanced medical imaging technologies, our world is filled with the practical applications of science and mathematics.

At Newcastle University researchers are about to perfect the printing of water-based solar paint that will revolutionise the application of solar energy. A team of engineers at the Georgia Institute of Technology in the US has fabricated flexible, skin-like arrays of nanowire transistors as sensitive as a human fingertip that convert mechanical motion into electronic signals. This technology could improve the functional capability of human prosthetics. Again in the US, scientists at the Lawrence Berkeley National Laboratory have used non-contact atomic force microscopy to produce images of the arrangements of atoms and molecules before and after certain synthetic organic chemical reactions. The images confirm the mechanisms that underlie these reactions and reinforce the promise of this powerful new method for building advanced nanoscale electronic devices from the bottom up.

It sounds as though it would be exciting and fulfilling to be a scientist or an engineer. Speak to some and they will tell you that it is. Sadly though, our country and several others world-wide, have a real problem. We actually have a severe shortage of scientists and engineers. There are lots of reasons for this. Some of the main ones are that we have a static rate of graduates and high dropout rates at university and lower and lower numbers of secondary students interested in completing the required maths and science courses to enable them to do these courses or engineering courses at university. The proportion of women engineers in Australia is appallingly low at less than 10 per cent.

Teachers, parents and carers need to encourage our students, sons and daughters who show a real aptitude for science and mathematics to seriously consider careers in these fields and in engineering especially. Students these days often shy away from these courses because they are perceived as harder than other courses or because they naively believe that a business or accounting degree will make them rich.

Governments also need to offer incentives to encourage those students who are very good at mathematics and science to continue with these subjects or engineering at university. Huge discounts in HECS fees would be a very simple way to do this and in the end would pay for itself with increased numbers of high quality professionals and increased productivity. We need all governments and political parties to provide leadership, in the community interest, and drive new and sustained investment in a top class science and engineering workforce.

An often ignored aspect of the whole issue is that we also need intelligent, young people
with a real passion for and skill in mathematics and science to gain Science & Mathematics degrees and then go teaching. There is a huge shortage of science and maths teachers at present. Again, teachers, parents, carers and governments need to encourage very good students and provide incentives for them to go into these important fields. Nothing stimulates the desire within a person to become exceptional in a given field like the nurturing influence of a competent, exciting and passionate teacher.

As a country we cannot afford to underestimate the importance of this issue. Advances such as those mentioned at the start of this editorial can only continue if we have excellent scientists and engineers to make them. The technology and infrastructure of our modern society, from roads to skyscrapers, from telecommunications networks to electricity and water supply, can only be maintained and improved if we have top class engineers to do the planning and direct the work.

We do need to talk about it. We need to talk about it in our families and as part of the wider community; we need to put pressure on local members on both sides of politics to encourage them to take the issue seriously and to do something positive about it. Otherwise, in years to come, we will not have sufficient high quality scientists and engineers to maintain our high standard of living.

Have an excellent week everyone.

Robert Emery
Principal

Support Services For Mental Health
St Pius X has been actively involving in offering seminars to students, staff and parents about safe talk intervention strategies to help young people at risk. We are putting together focus groups of students to evaluate the seminars and help decide what are the current student needs regarding mental health.

Kate Munro, from Lifeline who presented the safe talk seminars has offered to run some more safe-talk seminars for parents if they were unable to attend the previous dates. If you are interested in attending these seminars or would like further information about the seminars please contact me or Maryanne Paisley (School Psychologist).

The House Coordinators recently attended a professional development day discussing mental health in schools. They received some advice on support networks for young people and parents. Many of these offered online assistance and some offer a helpline for parents such as the Mental Health Line NSW phone 1800 011 511. A wonderful addition to these supports has been the recent opening of Headspace Newcastle which provides early intervention mental health services to young people aged 12 -25 years. The web address for this centre is below:
Please also contact your child’s House Coordinator to discuss any difficulties your child may be experiencing.

Curriculum News

Semester 1 Reports and Parent Teacher Interviews

Semester 1 reports will be given to students during the first week of Term 3. Unlike the Interim report provided at the end of Term 1, the Semester Report contains the grades achieved in the various assessment tasks, teacher comments and the semester mark and grade awarded to the student. There is a lot more information contained in a Semester Report and I encourage both parents and students to take some time to read and think about the suggestions made.

Accompanying the reports will be the form for requesting an interview at the next Parent Teacher Meetings. The interviews will be held at the school on the evening of Thursday 25 July and during the day on Friday 26 July. Please return the form as soon as possible to give yourself the best chance of securing the requested teachers and session. We cannot guarantee an interview will be possible with all requested teachers or during a particular session. We will most likely move to an online booking method in 2014.

Because of the daytime Parent Teacher Interviews, Friday 26 July will be a pupil free day.

Stephen Dunn
Dean of Studies

Ministry News

Our Faith

Though the celebration of the Easter season finished at Pentecost, and we have returned to Ordinary Time, there have been a number of important feasts in the Church year. Since Pentecost we have celebrated the Feasts of The Trinity and The Body and Blood of Christ (Corpus Christi) on Sundays, and the Visitation of Mary (to her cousin Elizabeth) and the Feast of the Sacred Heart. All these ‘events’ help us remember who we are as Catholics linking the traditions of the Church and reminding us of the ‘universal’ nature of the Church.

Next Saturday 15 June we celebrate the second anniversary of the Episcopal ordination of our Bishop, William Wright. Congratulations and prayers at this time to Bishop Bill.

Request

If there is anyone who has time to cut and sew edges of material (liturgical coloured cloths) I would be grateful of their help (about 30metres cut into 1.5m lengths). Please contact me by email: tony.worner@mn.catholic.edu.au

Updated Sick Bay Procedures
To allow students the privacy and space for an undisturbed rest, Sick Bays will now be a “phone-free” and “laptop-free” zone. Students will be asked to leave their phone or laptop for safe keeping with the staff at Student Services. Phones or laptops will be returned as students are discharged. As a further service, staff from Student Services will make a courtesy call to parents to inform them that their child has spent some time at Sick Bay during the day.

Student Coordinator Team

Pius Unplugged
Our school has raised $6500 for Kids Helpline as part of the Pius Unplugged fundraiser. Thank you to all students and staff members who generously supported this initiative. I hope that our students learned about the effect that negative comments made via social media sites can have on others.

Congratulations to the ‘Top 20’ fundraisers who, collectively raised $2400 for Kids Helpline. These students are: Helayna McCloy, Connor Talty, William St Claire, Jonty Carlin, Dana Mai Gibson, George Atkins, Darcy Castaldi, Aidan Galvin, Joel Donnelly, Lachlan Wright, Shelby Candian, Rachel Haberl, Kathryn Steyn, Molly McLoughlin, Lillia Grubb, Charli Sharman, Zachary Oke, Eliza Cook, Ben Clifford, Charlie Ross and Madeline Roals. Each of these students will receive a movie voucher, as well as other prizes that have generously been donated by local businesses.

Now that the weather has turned cold, please make sure that you have your child’s name clearly marked on their jumper, as often we have a large number of unclaimed jumpers in Student Services.
**Sporting News**

**Dio Tennis**

Dio Tennis was held recently at District Park Broadmeadow. Nicholas Rees Parkes represented the school in the 7/8/9 Jnr Division. Well done!

**CCC Rep Soccer, Bathurst**

Several girls from St Pius were selected in the CCC Soccer team for the annual tournament in Bathurst. Clare Cronin and Joselyn Rae were again selected in the team and performed extremely well over the four games. Ashlea de Bruin was also selected as an outfield player and was then thrown in at the deep end after two games when our keeper was injured. Ashlea also then proved to be an excellent goalie. Congratulations to all of the girls for their selection.

Several old St Pius girls were also in the team: Isabella Gray, Airlie Davis, Olivia Kelly, Maddison McLachlan and Olivia Carroll.

**Year 7/8 Rep Soccer**

The undefeated Year 8 team were brought down to earth with a 2 – 0 defeat by San Clemente. The Year 7 team defeated St Pauls 7 – 0 with goals from Isabella Hewitt (2), Ruby Springthorpe (1), Emily Soldas (2) and Isabel Palmer (2).

Apology — to Alex Delbridge who was not included in the team listed for the girls Turner Cup team in our last newsletter.

**Year 7/8 Soccer**

So this weeks’ games saw a 7 – nil win for the Year 7’s against San Clemente with goals from Isabella Hewitt (4), Ruby Springthorpe (1), Gabby Consentino (1) and Emily Soldas (1). Year 8 had a tough 1 – nil win scored in the last minute by Kirra Hurrell against St Pauls.

*Mick Lee*
Super Coach

**2013 State Hockey Champions**

On the 22 - 24 May the St Pius X girls’ and boys’ hockey teams travelled to Tamworth on a coach with St Francis Xavier, to play in the Combined Catholic Colleges (CCC) State Tournament. On the first day, the boys had 4 games and won 3 and had a 1-1 draw with St Edwards Gosford. On the second day the boys had one game in the morning which they had to win to play in the Grand Final. The Pius team smashed the other team in their first game on Friday and then proceeded into the grand final where they would have to verse the team which they had had a one all draw with the previous day. This would be a tough game. The Pius team performed brilliantly in the first half
with a goal coming from Andrew de Souza, with a lead of 1-0 at half time. In the second half Pius played even stronger and had full control over the play with a great goal by Sean Johnston. St Edward retaliated by scoring a goal, which left the score board 2-1 but Andrew scored another brilliant goal which was followed by Morgan Hart scoring to bring the score to 4-1 - the score at full time. St Pius played very strong and hard and received a Gold medal for winning the under 16s (CCC) championships. Myself, as Captain, enjoyed every bit of the hockey trip. It was a great pleasure to play with and captain such a great a team, which always gave 110% when on the field. I want to give a well-deserved thanks to Rodney Fernandes, who came away with us to be the teams’ referee for the two days and assisted with anything possible; Mrs Healey who organised everything from start to finish on the trip, Mrs Foot who was the manager of the Pius boys team and helped coach for the last day. Lastly, many thanks to Paul Kirkwood for his tireless support over the last 4 years, and especially this year, in coaching us to VICTORY!

Taylor Kirkwood, (Captain)

The girls had a wonderful tournament. Excellent behaviour accompanied by fantastic sportsmanship made the experience very enjoyable. Winning two games & drawing one game to be the eventual winners, Wollongong, on the first day of competition saw us placed second going into the Final on the second day. A valiant effort by all players, especially our Captain, Alex Delbridge, & rookie goalie, Alex Rendina, in the final, saw the St Pius girls winning the Silver Medal in the Under 16B Division. This is the first time our St Pius girls’ team has been placed so highly in any past competition. Well done girls! A big thankyou to Mrs Foot, Rodney Fernandes, Paul Kirkwood & Paul Dan (St Francis Xavier organiser).

Team: Brooke Varnum, Lydia Frazer, Alex Rendina, Laura Phelan, Grace Sorby, Samara Walker, Alex Delbridge, Irene Juma, Angel Moylan, Lily Hartigan, Clare Butler, Eloise Franks, Genevieve Franks and Zoe Doran.

Second Hand Uniforms

A large number of parents have expressed the need to have second hand uniforms available. St Pius X High School will be running a new service which will enable all parents to buy/sell second hand uniform items. The service will work in the following way:

1. Parent/s will fill out a form with the details of the item/s required to buy/sell and supply a contact number. This form will be available from reception, or alternatively you may email your details to admin@adamstownsp.catholic.edu.au.

2. These details will then be advertised in a special “Second Hand Uniform” section which will be on the back page of each newsletter, which commences with this Newsletter.

3. The advertisement will run for a month or two editions of the newsletter.

4. Parent/s will simply contact the number supplied and deal direct with the person buying/selling.

Please note that no second hand uniform items will be kept by St Pius X High School.

For any further information regarding Second Hand Uniforms please contact reception.
