Dear Families and Friends of the St Pius X Community

**Vietnam Immersion Experience**
I am happy to report that our Vietnam Immersion experience has been a great success. We had 60 Year 10 students and eight staff travel to Vietnam. They spent three weeks trekking through Vietnam, doing valuable social justice projects for parishes and communities and finally enjoying some R&R. Congratulations and well done to all involved. On behalf of the whole school community, I say a huge thank you to the staff members who gave up their own time and left their own families behind to provide this fantastic experience for our students.

**Tablet Computers**
From Monday of next week onwards, Year 7 students will commence using tablet computers in class each day. This will mean that half of our student population will be using tablets in class. To ensure students and staff have appropriate access to the Internet, I have arranged for our Internet access to be expanded from 20 Mbps to 50 Mbps this week. Also, the CSO is commencing a ‘Network Connectivity Upgrade Project’. This project will significantly improve network connections and deliver speeds in some cases of up to 50 times current capacity. The project will continue over the next 6 months. St Pius will be one of the trial schools for this project.

Remember that information relevant to the tablet program at St Pius is located on our school website (on the News & Events page). A summary of each Faculty’s plans for the use of tablets in assisting learning in the classroom is also available on the website (on the Learning Technology page).

**Brief Report on Principals Conference**
Last week I was fortunate to attend the Catholic Secondary Principals Australia (CaSPA) Conference in Darwin. The conference invited delegates to consider the diversity of our faith, culture and traditions of our Church, Australia and the region in which we are placed. Several keynote presentations were interspersed with Workshop sessions on host of topics. Keynote speakers included:

- Bishop Eugene Hurley, Bishop of the Diocese of Darwin, who spoke on the topic “Catholic – Is there a Difference”. I have heard Bishop Eugene before. He is an excellent, thought-provoking speaker and his presentation at this conference certainly confirmed my previous impressions.
- Bishop Vincent Long Van Nguyen, Auxiliary Bishop of Melbourne, Western Region, gave a moving presentation on “Who Is My Neighbour?” This was quite a confronting presentation not only in the context of the current asylum seekers debate in Australia but also in the larger context of the Christian response to a secular society. Bishop Vincent Long’s own story of escape from Vietnam and his 16 months in a Malaysian refugee camp is inspirational.
- Steve Francis, CEO of Gr8 People Pty Ltd, spoke on “Successfully Leading in Times of Change”.

Term 3
• Tom Harbottie, Managing Director of Training Managers of Australia, presented a practical talk on “Customer Service Principles for Principals”.
• Charlie King, ABC Presenter in the Northern Territory, offered a very entertaining and informative presentation on “Indigenous Community and Family”. Charlie shared his passion and dedication for his work with Indigenous people and communities in the areas of family violence and child abuse and his other social justice commitments.

The Workshop sessions were all very useful. The pick of them was Kynan Robinson’s session on “The Modern Learner – How Learning & Teaching Has Changed – It’s all in the Network”. His main point was that education has never been about what tools we use in the classroom. **It is about people – about relationships.** Why we need ICT in today’s classrooms is simply because the way we learn has changed fundamentally due to the digital world. As educators we need to be aware of these changes and to reshape our schooling environments to most effectively embed the new pedagogies into our teaching and learning. The session really emphasized the great benefits to students of “networked learning”.

Conferences such as this are extremely valuable on a number of levels. Not only do they provide access to the latest thinking in education but also a golden opportunity to network with other Principals from a variety of educational settings, to discuss every day school matters as well as strategic planning initiatives in Australian and international education. Such conferences uplift, inspire and enthuse.

Have a wonderful week!

FREE THE CHILDREN

Child Detention is just plain wrong.

1023 children will spend tonight locked in Australian immigration detention.

Here are the facts (as of June 2014):

190 children are being detained on the small island nation of Nauru. Nauru has a population of 10 000 people and is 21 square km in size.

254 children are being detained on Christmas Island.

Our government says that these children will never be settled in Australia and will live in the tiny nation of Nauru forever if they cannot be returned to the places from which they fled.

Over 600 children are detained in Darwin and other capital cities.

100 detainee children are babies and there are currently 80 expectant mothers in detention.

Children detained on Christmas Island and Nauru do not have access to school, very little recreation and limited healthcare.

Darwin holds the most children. Rooms are converted shipping containers.

Detention damages health, wellbeing, and development. It ruins childhoods and families. It particularly affects mental health; psychologists in detention centres in the past have diagnosed every child with some form of mental illness from PTSD to depression and anxiety.

Australia has signed the Refugee Convention, which defines who is a refugee and outlines the rights of refugees and the legal obligations of states towards refugees and asylum seekers. One of these obligations is recognizing that refugees have a lawful right to enter a country for the purposes of seeking asylum, regardless of how they arrive or whether they hold valid travel or identity papers.

This means that it is incorrect to refer to asylum seekers who arrive without authorization as “illegal”, as they in fact have a lawful right to do so if they are seeking asylum.

Offshore detention costs $400 000 per person per year.

An alternative is Community Detention. It involves trained case workers, assistance with housing, logistics, the asylum seeker still reports to the Department of Immigration. There are no restrictions on movement; the houses available are dependent on service providers (contracted by the Government).
This alternative is one quarter the price of long term detention. (And could be cheaper still if asylum seekers were allowed to work). People in Community Detention are less likely to suffer from depression, mental illness and self-harm.

Worldwide, alternatives to detention are being developed that allow children to stay in community with their families while their immigration status is being determined. Countries such as Belgium and Sweden have housing models where families can stay together in a shelter in the community.

If you agree that our Government’s policies towards asylum seekers, especially the treatment of children in immigration detention, are shameful then your school community may wish to take action.

What the Church says……

“The Australian Catholic Bishops have been involved in many ways with asylum seekers. Some of us have detention centres close to home, and we have worked hard to ensure that asylum seekers receive proper pastoral care and human assistance. We renew that commitment here.

The Bishops have also intervened with Government in an attempt to make policy more respectful of human dignity and basic human rights, which today are being seriously violated.” … an extract from the ACBC statement on Asylum Seekers / Refugees” - read more at… http://mediablog.catholic.org.au/?p=2892

Media Release, 10 May, 2013

The Chairman of the Australian Catholic Social Justice Council, Bishop Christopher Saunders, has expressed deep concern over the proposed detention of children and families in remote immigration facilities.

“There is something particularly uncaring about locking away children and families in a starkly isolated facility such as Curtin in the Kimberley”, Bishop Saunders said. “I have seen first-hand the conditions of this place and the physical and mental trauma experienced by older detainees who had already suffered greatly”…. an extract from the above media release. Parent Teacher Interviews

Just a reminder that the interviews will be held on level 4 at the school on Thursday evening 24 July and Friday 25 July. If coming from the top car park the best entrance is via the entry foyer to “The Factory” theatre. All interview rooms are on the same level.

Please remember that students are always welcome at the interviews and I would encourage as many as possible to attend.

2015 Elective Information Evening

The Elective Information Evening for the parents of Year 8 students will be held at the school on Wednesday 30 July between 7.00pm and 8.00pm.

I will provide an explanation of the elective process and the place of elective subjects in the Record of Student Achievement (RoSA). Several Studies Coordinators will also be available to provide subject specific information.

Students will have received their Handbook during Week 3. Elective handbooks will also be available at Student Services and on the school website.

Pastoral Care
Welcome back to Term 3.

There has been a spate of births surrounding us: family, friends and community – I have noticed three in the past days. It brought me back to the days of early parenting; the newness of life and the expectation of life ahead. Sometimes they seem like another lifetime, and certainly as was said to me a number of times as a young mum, it all goes very, very quickly so enjoy it! Fast forward to today – teenagers not wanting to get out of bed, do their homework or relinquish the technology. The whole experience is very different parenting a teen. It can swing from the sublime to the ridiculous all in one day or even just an hour.

But it is just as vital at this time that we are there for our teenagers. It may not be as difficult as feeding a baby and sleepless nights, but it is just as important and they need us just as much as they ever did. They are very special and you know them and love them.

You cannot put “an old head on young shoulders” and as we know, we need to constantly evaluate what is going on in our world, what to do and which choice to make, and we can fall back on years of experience – teenagers can’t. Family was invented by God as a complete model to raise new citizens in love and care, so mum and dad are not redundant – far from it. Remember that talking over meal times is important, building relationships, regulating TV, social media and internet time and saying “time for bed” just as we did for years when they were younger.

They won’t die if they don’t have a phone attached to their hand at night, and in fact, they can and do sleep better without the incessant bleeping indicating alerts.

Be the smart guide and give them the good oil. The years of experience and the love you have for them. Sometimes I give it back to God when it seems overwhelming as they are His as well. Funnily enough, I don’t worry about them as much when I do that.

“Love is what the Lord asks of us. If we are called to love even our enemies, imagine how we are expected to love our family members!” Mother Angelica.
LAP Program
LAP stands for Learning Assistance Program which we are implementing here at St Pius X Adamstown. Volunteers from parents, students, staff and the community give some time each week to spend with one student, the same one every week, to assist in a particular area of need. All training and ongoing support is provided. Mentors are matched with students, usually with some area of common interest, and given specific areas to work on. So if you have half an hour per week to spare and would like to get involved just call Mrs Melville on Tuesday or Wednesday, or email her on bronwyn.melville@mn.catholic.edu.au

Vinnies News
Visits to St John’s Villa nursing home start again next week on 23rd July. Meet near the Canteen at 1.45pm to get your name marked off.

Winter Appeal
Knitting beanies and scarves will begin next week at Lunchtime. Please bring size 5 or 6 mm needles and any spare wool you have. One ball of 8 ply wool is enough for a beanie.

Dress Down – Dressing Gown
We are having a “Dress Down - Dressing Gown” day on Wednesday 23 July. Please bring in clean warm clothing for donation and a gold coin if you want to donate that way. Bring your Dressing Gown or Onesie to school and you can wear it at school for the day.

Have a great week. Be kind to one another and stay warm!

Dear Uniform Shop Customers,

We understand the financial pressures that many families face and as a result Alinta Apparel are constantly balancing our operating costs to achieve the highest quality of garments in line with the expectations our schools and their families have come to expect.

We are continually looking at ways to operate and manufacture uniforms more efficiently without negatively impacting on the product, rights of our employees and personalised service and expectations of our schools and customers.

Despite this, we are continually experiencing price adjustments from our manufacturers and unfortunately are unable to wear the full impact of this anymore.

Please be aware that from 1 August 2014, Uniforms will incur a price adjustment. We will be holding prices until this time so you have the opportunity to make purchases at the current price.

We thank you for understanding and hope you continue to enjoy your experience with Alinta Apparel.

Warm regards
