

St Pius X High School Adamstown

Year 7 Requirements

The following equipment is required for Year 7:

- A pencil case containing several blue/black pens, red pens, HB pencils, plastic ruler, eraser, glue, scissors and coloured pencils
- 10 x 48 page A4 books (see note below)
- Tablet – <http://www.adamstownsp.catholic.edu.au/student-life/student-services/bring-your-own-device/>
- Small earphones to be used with tablets
- USB stick
- Portable charger for the Tablet
- Approved Safety Glasses
- Calculator – purchased through the school finance office

Note: Students will continue to use notebooks in some subjects. Experience has shown that using smaller books for each unit of work in a subject is often more effective in terms of weight carried and organisation. Once a unit is completed, the book is kept at home and a new one used. Ten will be plenty to get started and provide replacements for later in the semester.
